

Alaska Department of Labor and Workforce Development (ADOL) Announcement

ADOL EDI Claims Release 3.1 – Important Information for Release 3.1 Implementation 05/17/2021

Date: May 7, 2021

Multiple Daily Processing:

ADOL will be processing files received multiples times a day for EDI Claims Release 3.1 starting on 05/17/2021. Please refer to the **ADOL FROI SROI Processing Schedule for EDI Claims R3.1** which is posted on the Implementation Information page of ADOL's EDI Claims website at: <https://adoledi.info/impl-info> for details around the times.

Outstanding TE's:

Also, please ensure that you resolve all outstanding TE (accepted with errors) Acknowledgement results. Alaska will not be sending TE's and accepting FROI CO's in EDI Claims R3.1. Any outstanding TE's as of 5/17/2021 cannot be resolved with a TE. If the data is still not corrected on the next MTC beginning in Claims R3.1, then the MTC will be rejected instead.

Transition Timeline:

Alaska will not return Acknowledgments immediately after 5/17/2021. In accordance with the [AK ISO Transition Timelines Release 3.0 to Release 3.1](https://adoledi.info/impl-info) doc found at: <https://adoledi.info/impl-info>, acknowledgements will be returned on 5/27/2021. Please continue to send files during this transition period and we will identify any File Format or Trading Partner Profile issues. Once the transition period is over, all files will be processed in the order they were received, and acknowledgements returned.
